DR. MORLEY AT LIONS LADIES NIGHT

The unanimous opinion of all present Thursday, at the Lions Entertainment evening was, that despite the chill of the atmosphere it was an exceptionally interesting and happy function.

It was Ladies Night on the Lion's Calendar, and the committee responsible arranged a very bright and worth while programme.

Places were laid for about 110 persons, and all enjoyed the excellent dinner served under the supervision of Chief Chef R. E. Gray with W. E. Springthorpe, J. A. Tench and others doing lions share in preparing, and the sons and daughters of Lion members making active servitors. Mayor T. S. Hughes made as always a very pleasing and efficient chairman.

A novel arrangement re those proposing and responding to the toasts—apart from The King—created in the hearts of all Lions a moment of suspense, while sighs of relief were breathed by those when they learned their names were "not written there" at least were not drawn.

This plan was that no one knew who was to act until the name was drawn from a sealed envelope. Thus the announcement was made that Lion Bud Tench was to propose the toast to the Ladies, likewise that Bob Milligan was to respond; that Lion Geo Anderson and Lion Charles Harvey were to welcome the guests and extend thanks respectively. The speakers did themselves credit "thus unprepared"— Lion R. J. creating much merriment when he sometimes got mixed in his enforced dual personality.

An amusing stunt put in by Lion President Chas Harvey— on "keeping the hat" brought forth gales of laughter from The Actors, as well as the audience—the actors being Hiran Waldum, Charlie Coles, John Scheer and Chuck MacLean.

Incidentally Lion John Scheer, the youngest Lion of the local club, was given a hearty cheer for his prowness in potato growing and congratulated on his recent trip to Toronto, Ottawa, Niagara Falls etc.

Strathmore's never failing humorous soloist Mr. G. H. Patrick was never in better form in his solos and received such an ovation that he had to

A. T. A. MEETING

The Strathmore Sub-local held its regular meeting in the teacherage of Orange Valley School on Wednesday evening, November 20th. In spite of the sub-zero weather, the attendance was very good.

Discussion took place on the advisability of revising the Prize List of the Strathmore School Fair. Committees were formed to give special consideration to the various classes and subclasses on the list, and submit suggestions at the next meeting.

Mr. MacKenzie suggested that rural schools be visited in an effort to create more interest in Agricultural exhibits.

The yearly concert held in connection with the School Fair was also the subject of discussion, as well as the Oratorical Contest held each year. A program committee was appointed.

The subject of Salary Schedule was introduced by Mr. Crowther and after considerable discussion some decisions were reached in regard to desired maximum and minimum salaries.

A talk on Chapter I of the book "On Education" was given in a capable and interesting way by Mr. Hiebert. The members appreciated the efforts put forth in making the talk most effective. The second chapter of this Book Review on Education was assigned to I. M. York.

It was decided to hold the next meeting on January 15th, 1947.

A delicious and bounteous lunch was served by Mrs. York assisted by Mrs. Kimmett.

SKATING RINK OPENS

There's ice in the skating rink and the skating enthusiasts are out in full force these days, getting their feet back again after a long summer time. Officially the rink opened first on Monday, and a swarm of the younger generation were on hand to try their skill.

Celebrate Rasmussen Diamond Wedding

A unique event in Standard's Social Calendar took place on Tuesday, November 26th., when Standard's "GRAND OLD COUPLE", Mr. and Mrs. Jens Rasmussen celebrated their Diamond Wedding Anniversary.

For months, the people of this community have been looking forward to this joyous event, and when the day arrived, Mr. and Mrs. Rasmussen were surrounded with relatives and friends, eager to congratulate them, and wish them well.

Mr. and Mrs. Rasmussen were both born in Denmark, and were married in Elkhorn High School, Elkhorn, Iowa in 1886. Mrs. Rasmussen's father was the accomplished Danish Decorator and Artist, Mr. A. Hansen, and her Brother is the famous Agricultural Scientist and Teacher, Prof. N. E. Hansen of Brookings, South Dakota.

Mr. Rasmussen first came to Canada in 1906 to look for land, and on his return to Elkhorn, he advertised the founding of a Danish Colony in Alberta, and soon had many people interested in the project. In the spring

MIXED BONSPIEL OPENS SEASON

Sixteen mixed curling rinks entered the bonspiel to open the curling season for the year with the first rocks being thrown at three o'clock With the cool air, the ice was quite keen, and in excellent shape for the start of the season.

The draws are again this year under direction of Leonard Hill, who expects the season will be a full one again. While entries tend to lag a bit, he still has a good number of curlers all signed up for the season, and expects to have more than twenty rinks again this year.

Preparations are being made for a full season for women curlers, also, and to this end a meeting is being held next Wednesday. Fuller details regarding this are shown elsewhere in this issue.

The regular draws will open the first of next week.

HOME & SCHOOL MEET

Time— 8:00 p.m. Monday, December 2.
Place— High School.

1. Address, Miss Hutchings, Public Health Nurse.
2. Film, Rural Health.
3. Short Musical Programme, Strathmore School Students.
4. Presentation of Scholarships.

All parents should join this organization and attend its meetings.

MUSICAL EVENING

The musical programme given Monday evening proved a very delightful function, and augurs well for further concerts to be arranged by the Music Committee of the Community Council.

Mr. Norman Kennedy a welcome visitor to Strathmore on several occasions excelled previous visits by his varied and very generous renditions his clear voice, equal to the many demands and sympathetic interpretation.

In the first group "Passing By" and "Where'er You Walk" tied for favorites among some in the audience while every number was very well rendered.

Mr. Kennedy's second group, a historical sketch of the struggles of Bonnie Prince Charlie for the throne amplified by songs especially suitable, proved a unique and very interesting feature. It was also a demonstration of the resource of his voice as there was an almost continuous demand for over thirty minutes.

Mr. John Kuzmar delighted everyone with his artistic and masterly violin selections, and more items would have been most welcome.

Mrs. Florence Gillespie was the capable accompanist throughout and her playing was as always sympathetic

Rev. Ford ably filled the duty as Chairman.

WHEATLAND NOTES

The Board of Trustees of the Wheatland School Division No. 40 met at the Divisional office on Friday, November 22nd.

All schools in the Division will close for the Christmas holiday on Friday, December, 20th. at the annual time and will re-open for the June Term on Monday, January, 6th. 1947. All school concerts are to be held on Friday, December 20th either afternoon or evening.

It was decided to again call for tenders for the construction of a new school building at Strathmore and Kathyrn as it is hoped that contractors may be able to accumulate material during the winter to start construction in the spring.

Dates for the Annual Sub-divisional meetings this year are set as follows:

Sub-Div. 1 Strathmore Thur., Dec. 12th.

Sub-Div. 2 Kathyrn, Fri. Dec. 13th.

Sub-Div. 3 Belsecker, Mon. Dec. 9th.

Sub-Div. 4 Swalwell, Tues. Dec. 10th.

Sub-Div. 5 Standard, Wed. Dec. 11th.

all meetings start at 2:00 p.m.

The term of office of the trustees in sub-divisions No. 3 and 5 expire this year and nominations will be received at the annual meetings between the hours of 2:00 and 4:00 p.m.

C'SELAND GIRLS CLUB

The third meeting was held November 13th. Wilma Lausen and Verna Garnett prepared a speech on Good Grooming.

The fourth meeting was held November 20th. They decided on calling our club "Jolly Juniors". Elna Hildahl resigned as club member and president. Audrey Hebbs was voted in for vice-president. Mrs. Gilham offered her home for the next meeting after the Home and School Association December 14th, instead of November 30th at the Carseland rink.

Weddings of Interest

SARSONS AWCOCK

Wesley United Church was the setting for a very pretty wedding Saturday, November 23, when at 8p.m. June K. Awcock of Calgary was united in marriage to Donald P. Sarsons, eldest son of Mr. Phil Sarsons of Ardenode. The Rev. J. R. Morden officiated at the double ring ceremony.

The bride looked radiant in a white satin gown with train, topped with a white net veil, which was caught in her hair with a small red rose on either side. She carried a bouquet of red roses.

She was attended by a trio of pretty bridesmaids, the Misses Mary Awcock, who wore a long white gown, Mona Sarsons, whochose a dark pink gown, and Marian Bingham, in light blue. The three made a very charming ensemble.

Following the ceremony the wedding party removed to the Sky Room where guests numbering over one hundred assembled for the reception. Mr. and Mrs. Awcock, parents of the bride, and Mr. Phil Sarsons and Mrs. V. J. R Hughs received the guests.

A toast to the bride, in very jolly vein, was proposed by Rev. Morden and responded to by the groom. Mr. V. J. R. Hughes then proposed a toast to the bridesmaids, and Mr. Ken Sarsons, the best man ,replied.

The bride made a very winsome picture as she moved about among the guests. It was a very pleasant evening and one which will be long remembered by all those present as one of the very happiest for some time.

Later in the evening, the bride and groom left to catch the night plane for Vancouver where they will spend their honeymoon. A dance followed in the Sky Room for the guests.

HILTON WEGENER

A very pretty wedding was solemnized at the home of Mr. and Mrs. F. Hilton when marriage vows were exchanged between, Geo Ronald Hilton and Wanda Wegener of Strathmore, the Rev. Hamilton officiating.

The bride wore a floor length gown of pink satin with white net and floor length veil. She carried a bouquet of red roses. Miss Dorothy Wegener gowned in blue satin was her sisters bridesmaid.

Best man was Mr. Russell Morgan. There were about 80 guests.

A buffet lunch was served of turkey sandwiches and cake. A three tier wedding cake was cut by the bride and groom.

Mr. Spence Hughes, an uncle of the groom, proposed a toast to the bride and the groom responded.

The couple motored to Calgary for a week returning to their home at F. Hilton's for the winter. A happy evening was enjoyed by all.

REA DOERING

The wedding of Miss Hilda Doering of Hanna and Mr. John Rea of Lyalta was solemnized at Central United Church, Calgary on November 7th at 2:00 p.m.: Rev. Lawson officiating.

The bride given in marriage by the groom's uncle Mr. A. J. Novak was groomed in ivory satin and net. Her embroidered floor length veil which fell from her head was caught with a coronet of gardenias. Her jewelry comprised a double string of pearls with earrings to match. She carried a bouquet of pink carnations.

Mrs. J. R. Novak, the matron of honor, wore gold taffeta. Her hair was caught with a shoulder length veil of gold net and she carried gold carnations.

Mr. R. J. Novak, cousin of the groom was best man, while Emil Holosko and Mr. Joe Novak were ushers.

Later a reception was held at the home of Mr. and Mrs. A. J. Novak, Lyalta, where tables were laid for 50 guests.

After a short honeymoon the young couple will reside in Calgary.

The bride has been on the staff of the Belcher hospital for the past five years.

TRACTOR KILLS FARM BOY

A report from Tisdale, Saskatchewon relates that Ray Edmonds, 18 year old, was killed instantly when he became entangled in the auxiliary mechanization of a tractor he was driving on his father's farm. The tractor is the most deadly piece of machinery on the farm. Every precaution should be taken against accidents when driving tractors.

NAMAKA NOTES

By Mrs. E. B.

Mrs. Watts spent Sunday in Gleichen visiting Mr. and Mrs. Gordon Bogstie.

Mr. and Mrs. H. E. Johnston and Mr. and Mrs. Homer Schuman and Lorna were Sunday dinner guests at the Mackie home.

The sixth nursing class took place at Mrs. A Thomson's home. Miss Norma Jean Hogg, district economist was guest speaker. Mrs. C. Mackie served lunch.

The Annual Hall meeting was held in the hall last Thursday evening. Due to the cold weather, the attendance was small. The financial report was the best for a long while. Plans were made for activities for the coming year. After the meeting was closed everyone enjoyed a delicious lunch and social evening.

The Red Cross Tea and Bazaar was held in the Hall on Wednesday afternoon, when the cold weather prevented many from attending. Mrs. C. Mackie and Mrs. W. Fawkes took charge of the sewing booth and succeeded in selling all their array of sewing and fancy work. Mrs. Aitkens had charge of the rummage stall which contained many bargains. The lovely cushion made by Mrs. Loy Wheeler was drawn for by Gail Buker. Mr. T. S. Hughes of Strathmore was the lucky winner. The cakes and sandwiches were very choice and the hot coffee tasted good on so cold a day. Altogether the club netted approximately $60.

Miss Mary Kramer visited in Calgary over the week end. Miss Hilda Possum spent the week-end with Mr. and Mrs. Loy Wheeler.

Mr. and Mrs. W. Fawkes, Willie and Jean were dinner guests at the Buker home on Tuesday evening. The occasion being Earle's birthday.

Two Worthy Appeals

Two appeals that top the list in worthy humanitarian effort now making their annual request to Alberta citizens are the requests for The Woods Christian Home at Bowness Calgary, and the Christmas Seals sale of the Alberta Tuberculosis Association.

There are few who do not know of the genuine worth of these two institutions. They are worthy your most generous support and your own Christmas will be made happier by the knowledge that you have given help to these two groups who are doing so much for humanity.

"As Others See Us"

THE STRENGTH OF DEMOCRACY

"An American Reporter interviewed a Russian family. Hand gnarled from bitter toil, cheeks sallow from privation, clad in tatters, the family looked at the reporter with genuine pity. 'You are an American? How sad,' they said. We know that hundreds of your people are being shot monthly by capitalist-controlled police. We know that thousands of your workers are dying from hunger. We know that no one in your country has the comfort and security we have. We know that, in all the world, we are the most fortunate of people. We know these things because we read them in our newspapers, which speak the truth because our government publishes them.'

Distatorship thrives on studied misrepresentation. It cannot exist where the average citizen is given a fair presentation of both world and local affairs. Here lies the strength and hope of democracy. A democracy is no Utopia; it makes many mistakes and tolerates temporary injustices. But thanks to a free press and the right of every one to speak his mind, the nation is never long in the dark concerning its shortcomings and maladjustments.

In a democracy the people may learn the facts. Knowing them, and once aroused, there is no illness—political, social or economic—the people can't ultimately cure by the orderly and wise action of their own system of government.

Diamond Wedding

DIAMOND WEDDING OF MR. AND MRS. JENS RASMUSSEN AT STANDARD

of 1911, there was a real migration of which the C.P.R. had named "STANDARD".

It was at the Jens Rasmussen home, on May 14 in 1911 - shortly after they had become settled in their new prairie dwelling, that the Nazareth Danish Lutheran Church was organized. Since that time, the church activities have been nearest and dearest to the hearts of Mr. and Mrs. Rasmussen. When the new church was built in the year 1917, Mrs. Rasmussen contributed a beautiful painting of "CHRIST ON HIS WAY TO GALGOTHA," painted by her father, as an Altar background.

Nine children were born to Mr. and Mrs. Rasmussen, of whom five are living. They also have 22 Grandchildren and 8 Great Grand Children.

In 1943 Mr. Rasmussen published a small booklet "The History of the Standard Colony From Its Birth", which recalls many interesting events of the early pioneer days in Alberta, and tells of his friends and co-workers - of the good times and of the lean years, and finally, of the joy and happiness they shared on their Golden Wedding Day.

On the Anniversary Morning, there was a fall of new snow, and later in the day a brilliant sunshine transformed the landscape into a sparkling setting suitable for a Diamond Wedding Day.

At the Sigurd Rasmussen home, where a family dinner took place at noon, the Union Jack, Stars and Stripes and the Flag of Denmark were flying. The house was a bower of flowers, gifts from friends, organizations and relatives. There were also many letters and cards, testifying to the high esteem in which Mr. and Mrs. Rasmussen were held. All day long congratulatory telegrams arrived from near and far.

During the afternoon more than a hundred callers enjoyed the hospitality of the Rasmussen home.

At eight o'clock that evening friends and relatives gathered in the Nazareth Lutheran Church Hall. At the head table, where the bridegoom and his bride of sixty years, and their family were seated, roses and carnations in crystal bowls, pink tapers in a crystal candelabra and a three tierd wedding cake made an attractive setting for this memorable event. Pink and white streamers, and baby mums, were used throughout the room.

Rev. M. Jorgensen was Chairman for the evenings entertainment, and among the speakers were Rev. Hansen of Sharon Lutheran Church, Calgary, and Rev. Rasmussen of Dallum Church Wayne.

A solo, a duet and a quartette by Grandchildren of the honored guests were outstanding features of entertainment.

Two beautilful altar vases, to adorn the Nazareth Lutheran Church Altar, and bearing a suitable inscription, was the gift to Mr. and Mrs. Rasmussen of their many friends in the community, in honor of their Sixtieth Wedding Anniversary.

NEW FORMS OF BLOOD TRANSFUSION

Blood transfusions are being used more and more in new ways for treating every kind of imaginable disease. An outstanding success has been achieved by a Blackpool doctor in combating rheumatism. The blood with which the doctor injects the patient is not drawn from a healthy person, but from the patient himself. The blood is then exposed to the rays of an ultra-violet lamp and is finally put back into the rheumatic patient.

Still Tinkering With Dams

Reconstruction Minister C. D. Howe whose administration touches on such diverse matters as housing, airlines and radio broadcasting, to name a few spoke last week on the values of irrigation, during the "Irrigation Celebration" at Lethbridge, Alberta. The occasion was the commencement of work on the St. Mary's River project, estimated to cost up to $20,000,000 and designed to provide a steady supply of water for 345,000 acres of present arid land in the southernmost part of Alberta.

If the Reconstruction Minister waxed enthusiastic - which he did, predicting a vast increase in population and income in the areas affected - such enthusiasm is to be understood. The very real effects of a controlled water supply for vulnerable agricultural sections are too obvious to dispute. Wherever irrigation has been implemented on the Western plains the results have been little short of spectacular.

Under the Prairie Farm Rehabilitation, and through the enterprise of the Canadian Pacific Railway and other private organizations, some 750,000 acres of land, virtually all of it in Western Canada, and the bulk - 500,000 acres - of it in Alberta have been irrigated. It has taken fifty years or more to accumulate this total. In contrast, the United States has 28,000,000 acres of land under irrigation and Russia 8,000,000. And in further comparison, it is conservatively estimated that at least 3,000,000 more acres in Alberta and Saskatchewan must be provided with a controlled supply of water if they are to support agriculture. With this situation, the growth of Prairie cities and towns, and therefore of consumer markets, is tightly limited by the present lack of water; some communities, for that matter, have not enough water to support their present populations.

Many voices have been raised over the question of irrigation. Agriculture Minister Gardiner, responsible for the PFRA, has advocated its extension. But Mr. Gardiner last summer claimed in the House of Commons that his plans were being held up by lack of a Dominion-Provincial fiscal agreement - an argument with little foundation. Resources Minister James Glen, who has spoken on Goverment policy in relation to this matter, used the same excuse. Various Western members have dwelt upon the subject, but generally their thoughts do not travel beyond their own constituencies.

The Reconstruction Minister has added his voice because some of the funds for irrigation have come from his department. But Mr. Howe also showed a limitation in his concept of water control. Indeed, no Government spokesman has visualized the broad and majectic picture of water control in the "Saskatchewan Rivers Drainage Basin" such as that held by the Progressive Conservative member for Toronto-Davenport, Mr. John R. MacNicol. The latter, who speaks w'th an expert's knowledge of his subject, sees water control not as merely district irrigation, but as a great integrated project, including hydro-electric power for industrial development.

The common sense of such a proposal, which is by no means new, requires little imagination to be appreciated. Irrigation by itself is not enough, nor is it, in the light of the large sums which must be spent, as economic as it could be. Irrigation development in the piecemeal fashion of the present Government policy is as wasteful as it is inadequate. As long as this matter is under three separate ministries, as long as it lacks an integrated plan, as long as it remains a political sweetmeat, it can be nothing else.

DO YOU KNOW?

Any information leading to the whereabouts of Mr. Hans Meents will be very much appreciated by Mr. T. S. Hughes—Mr. Meents worked in the Strathmore area in 1939.

His mother has written Mayor Hughes from Germany stating that a letter written to him to Box 207 has been returned to her undelivered. Anyone who can give any clue is asked to get in touch with Mayor Hughes at once.

MINDS OF THEIR OWN

Here are Johnny Wayne and Frank Shuster, in that order, who are responsible for the irresponsible hilarity on the "Wayne and Shuster Show," a Thursday evening comedy presentation on the CBC Trans-Canada network, at 8:30 p.m. The two boys, whose minds run on a track all their own, are old hands at collaborating, having been a writing and acting team since enterin g high school. Associated with them are Georgia Dey, vocalist, and an orchestra directed by Samuel Hersenhoren.

CLUNY

By A. E. C.

The regular meeting of the W. I. was held at the home of Mrs. F. Fairbourn on Thursday November 14th, with the President, Mrs. Fairbourn in the Chair and with Mrs. L. Haymond acting Secretary in the absence of the regular Secretary Mrs. Reilly. After the regular business of the evening had been attended to, we listened to a very interesting paper sent by Mrs. W. Mustard of Calgary, a former member of the Cluny W.I. and read by Mrs. L. Haymond entitled "Canadian Handicrafts". As usual Mrs. Mustard had compiled a very interesting paper dealing with handicrafts throughout the entire Dominion.

Mrs. Duncan Clark concluded the book review, "White Cliffs of Dover" which was held over from last meeting.

Roll Call was answered by an article turned in to be made from nothing, which will be auctioned at the next meeting and it was really remarkable the interesting display of articles, testifying the ingenuity of the Cluny ladies. "Why don't we do this more often?"

A delicious lunch served by Mrs. Sniderman, Mrs. Nobert and Mrs. Fairbourn was thoroughly enjoyed by 25 members and visitors present.

The Chichen Supper held in the Community Hall on Saturday last was an unqualified success and the W.A. of the United Church wish to take this opportunity of thanking one and all who helped in any way and to the Community in general for their loyal support. A little over $100.00 was realized. The dance later that evening sponsored by the Board of Trade drew a fair crowd.

WHAT'S AHEAD

Canada will be looking for markets for her surplus food any time after 1947. This is the opinion of Hon. J. G. Gardiner, federal minister of agriculture. He said European agriculture is making a rapid recovery and crops in Europe this year did not suffer severely as was previously thought

PIANIST RUBINSTEIN'S RIVAL

The celebrated pianist, Arthur Rubinstein, tells of a mildly disconcerting experience with his little daughter, Eva. Returning from a long tour, the pianist was warmly greeted by the youngster, who ran to his arms, hugged him, and begged, "Oh, daddy, play for me!"

"Why, certainly darling!" he exclaimed, resolved to play as he had never played before. He sat the child down beside him on the piano bench, and opened the instrument.

"No, no!" protested the youngster, squirming down from the bench and making for the phonograph, "Play this-"

WEDDINGS

DE HEMPTINNE - CRETIN

The St. Trinity Church of Cluny was the scene of a pretty wedding on Monday, November 11th, when Agathe Cretin of Calgary formerly of Cluny, became the bride of Marcel De Hemptinne also of Calgary. The marriage was performed by Rev. Father Dubuc.

Given in marriage by her brother Denis Cretin, the bride wore a suit of light blue, with matching accessories and wore a corsage of roses.

After the ceremony a reception was held at the home of the bride where more than 50 guests were present.

The happy couple spent a few days in Banff and on their return will re side in Calgary.

IMPROVE SWINE

Two policies that are meeting with favourable response this fall are the Dominion-Provincial Brood Sow and the Alberta Department of Agriculture Swine Improvement Policies. The Brood Sow Policy requires group effort. A group of five or more farmers in any district order a number of sows, usually not less than twenty head. These sows are placed at cost and freight prepaid on a 50-50 Dominion Provincial basis. With each group of sows the Dominion Production Service place free of charge an outstanding pure-bred Yorkshire boar.

Under the second policy, the Swine Improvement Policy, the Live Stock Branch provides a service in the purchasing of top quality boars which are placed with commercial breeders at cost. In this case too the shipping charges are prepaid to the applicant's nearest railway point.

Full particulars of these policies can be obtained from your nearest District Agriculturist or from the Live Stock Branch of the Department of Agriculture.

NEXT YEAR'S GROCERIES

More staples and luxury type foods available now than a year ago, Import barometer rising.

Some shortages, notably sugar, shortening, soap, butter, bacon, continue to darken the more favorable overall picture.

Food prices both inside and outside the WPTB index are pressing upward, accelerated by higher labor, material and repair costs, and discontinuance of Dominion subsidies on many foods.

Citrus fruits will be cheaper as U.S. production hits record levels and armed services requirements drop.

WORLD OF WHEAT

By H. G. L. Strange
Director "The Crop Testing Plan"

THE QUALITY OF BARLEY CROP

turns show that 58% classified as "A" which means that the crops represented by these samples were pure enough for seed. 19% classified as "B" which means that they contained some admixtures, and 23% classified as "C" and "mixtures of varieties" which means that they were quite bad and unsuitable for seed. These results however, are a decided improvement over previous years. In 1945 25% were 'mixtures" and in 1944 34% were "mixtures." The "A" classification in 1946 was higher than ever before.

We have just received a return from similar "Crop Testing Plan" work on barley done in England last year which reveals that 30% of the crop tested there consisted of "mixtures". This indicates that while our malting barley in Canada is truer to variety than it is in England, yet there is still considerable room for improvement in Canada, hence for the use of better seed, preferably Registered or Certified.

FARMING NEWS

Department of Agriculture
Produced by the Alberta

THE WAY TO GREATER PROFITS

Low cost of milk production is the goal of every dairyman. To cut costs he must give consideration to proper herd managment, correct feeding practices, and the right type of cow. According to the Dairy Branch of the Alberta Department of Agriculture, 80% of the total cost of milk production in this province goes for labour and feed charges. High production per cow is one of the most important factors in cutting costs. Unless tests are made it is difficult to realize the extent to which individual production varies. The only way to find out definitely whether or not your cows are worth the time and effort extended is to test each cow separately.

To help in determining the milk and butterfat production of each cow in the herd, a system of cow testing is offered by the Alberta Department of Agriculture to all herd owners in the province. Although the Policy is extended chiefly for owners of grade herds, pure bred breeders may also enter their herds on test. A recent publication prepared by the Dairy Branch - - "Cow Testing and Dairy Herd Records", may be had on application to the Alberta Department of Agriculture, Edmonton.

ALFALFA FOR HOGS

Plenty of good summer pasture provides brood sows with an adequate supply of their A and D. Vitamins, but from now until spring they will have to get these Vitamins elsewhere.

The addition of fish oil to the grain ration, or the feeding of well cured green alfalfa hay will help to overcome any Vitamin A or D deficiency. The use of legume hay, particularly green alfalfa if properly cured, not only helps in meeting vitamin requirements of brood sows, but also supplies some of the much needed calcium and protein.

Vitamins A and D are as important in winter as in summer and provision should be made to include the necessary vitamin carriers in the winter ration. Vitamin A is the growth of anti-infection vitamin. It keeps the body tissues in healthy condition and helps them resist bacterial infection. Vitamin D is essential for proper mineral assimilation.

CANADIAN EGGS APPRECIATED

Addressing a meeting of poultrymen in Edmonton recently J. A. Peacock, Director of Egg Supplies for the British Ministry of Food, told about his country's need for all the eggs we could supply. He said that many things had happened to reduce the old country production - - to bring it down to the stage where British consumers will likely have to be satisfied with fewer eggs on the table in 1946-47 than they had in 1945. The people of Britain know all about the high quality of Canadian eggs, and these eggs hold a very favourable position in that country.

A point stressed particularly was that Canada should ship as many eggs as possible between September 1st and January 15th of each production year. There is a very heavy demand during this season. Not only is production in Britain low at this time, but other European countries that export to Britain are in no better position.

The reception given Canadian eggs byBritish housewives, the bakery trade and other users is excellent. If we take advantage now of the chance offered, we can build up a real market for the future. Britain can take all Canada's exportable surplus - - not only while the present contract lasts, but from the looks of things, for many years after the present contract ends.

GOOD BOARS AVAILABLE

Swine breeders are reminded that the Live Stock Branch has a number of very good boars of breeding age on hand just now. These boars are available under the Swine Improvement Policy. They are supplied at cost, and express charges are prepaid to the applicants nearest shipping point.

Farmers requiring boars are advised to contact their District Agriculturist, or write direct to the Live Stock Branch, Alberta Department of Agriculture, Edmonton.

BUILDING COSTS UP 60% IN CANADA

Building costs in Canada rose between 47 and 62% between 1939 and 1945 and a further unstated amount in 1946, according to a report in The Financial Post.

Building materials alone are said to have risen 42% with the following typical: lumber up 70%, glass 81%, paint 25%, brick 16%, and cement, plaster and nails up only 8 to 9%.

Mr. and Mrs. Kennedy entertained at dinner Monday evening previous to the Concert, their guests being Mr. and Mrs. Norman Kennedy and Mr. and Mrs. John Kuzmar.

POLISH WORKERS ARRIVE IN STR'MORE

On Tuesday evening a busload of Polish soldiers arrived in Strathmore, and on Wednesday they were on their way to work on farms in the countryside. There were 26 members in the group.

R. J. Milligan, District Agriculturist, established the group for their overnight stay, and on Wednesday placed many of them on their new jobs. Many were placed on Tuesday night shortly after arrival, as farmers nearby Strathmore drove in to pick them up.

Few of the group speak English, though some managed to enjoy quite a conversation with a few local soldiers who had seen service in the war in Italy, and had there picked up a smattering of Italian. Musical instruments were in evidence among the group, and on Tuesday night they held a more or less informal show.

While it is still too early to have many reports, some indications are that they are proving good workers, while one or two farmers are not sure that they will be.

STUDENT'S COUNCIL

The Strathmore Student's Council held their first meeting of the term in the High School. Their purpose was to elect new officers for the year

The following are: President, Lawrence Mackie; Vice President, Richard Coldwell; Secretary, Barbara West; Treasurer, Bobby Willson; Press Representative, Betty Harwood.

Representatives were also elected from each grade: Mancel Torgrimson Grade IX; Joyce Wicks, Grade X; David Quirin, Grade XI; Olive Potter, Grade XII.

HUSSAR

By Mrs. M. C. B.

There was a small but interesting meeting of the Hussar Chapter O.E.S. on Wednesday; in spite of the severity of the weather and bad roads, two families were represented from the Wintering Hills district.

The Bridge Club met at the home of Mrs. E. F. Blake, with Mrs. Jackson assisting hostesses. Cards were played at four tables, and Mrs. C. English was the lucky lady. The president Mrs. Warburton arranged that the next meeting will be at the home of Mrs. L. I. Montgomery, assisted by Mrs. B. Snider, Thursday, December 5th, and holidays will follow till the January meeting.

Mr. Ivan Andersen, and his wife and young son, came up from California to visit his father, Mr. A. A. Andersen, and his brother, Manville Andersen. They arrived on the 17th. Too bad the weather had been so severe during their visit. Ivan is welcomed back as one of Hussar's most successful young men. They will return in a few weeks.

Church services were held at 3 p.m. on Sunday, the 17th; Rev. Flint officiating. Next service will be at the same time on December 1st.

The Health Clinic met on Thursday afternoon at the home of Mrs. H. A. Treend; next meeting will be on December 1st with Nurse Davis in charge. The Aid meeting will be held at the home of Mrs. C. English with Mrs. H. Hadley assisting; on December 12th. This is the meeting when "Big-Sister" will make someone happy with a gift. This is the Christmas meeting, and all are cordially invited to attend.

Mrs. H. B. Moulton is enjoying a visit from her mother.

IN APPRECIATION

Mr. and Mrs. John Carto wish to express their warm thanks to all who extended so much kindness and good wishes, also for the lovely gifts received on the occasion of their recent wedding.

CHANCELLOR NOTES

— By Mrs. J. M. W. —

This Community was deeply grieved to learn of the death of Edward H. Young in the Holy Cross Hospital on Monday morning after a three months illness. His passing will leave a large gap in the ranks as he was a highly respected citizen and friend. He has farmed here on a large scale for 30 years and was loved by everyone. He will be sadly missed. He leaves to mourn him, his wife Elizabeth and 7 sisters and brothers in the U.S.A. and a host of friends. Requiem Mass was held in St. Mary's Cathedral, Calgary, on Thursday morning at 10:30.

A number of friends called on Mrs. C. V. Madsen to congratulate her on her birthday last Wednesday.

Miss Betty Angel and Howard Christensen were dinner guests of Mr. and Mrs. Fred Wheatley last Friday.

Congratulations to Mr. and Mrs. Henry Pedersen on the birth of a baby son in the Holy Cross Hospital last week.

Mr. J. M. Wheatley was re-elected president of the Municipal districts association at the Convention held in the Palliser Hotel last week. This is his fifth year of office.

News has been received from all the neighbors who travelled to Denmark. All arrived home safely and had a wonderful reception, being met with flags and bunting.

Mr. G. M. Purdy celebrated his 87th birthday last Saturday. He is still hale and hearty and is still going strong.

CARSELAND

By Miss H. McK.

The Christmas meeting of the P B Club will be held at the home of Mrs. Lea on Wednesday, December 4th. All members are kindly requested to bring a small gift for exchange of gifts. This meeting is especially being held in honor of the grandmothers of the community, so come out, ladies, and have a good time.

LIONS CLUB MEETING

give an extra number, Mrs. Kennedy accompanying. Mrs. Brown sang two solos in very excellent voice, Mrs. Kennedy accompanying.

Rev. D. A. Ford rendered as always in very finished manner two solos, his second being a delightfully plaintive little Negro Prayer with Mrs. Hughes accompanying.

Great Men and Their Wives

Dr. Morley of Grace Presbyterian Church Calgary again proved himself an exceptionally able, entertaining and interest holding lecturer, when he addressed the audience on the above subject.

His humor is delightful, and his keen insight into the hidden side of some of the episodes related depicted a deep and human sympathy with mankind's foibles and frailities, and a rich enjoyment and pleasure in the happy humorous side.

He related stories of some of the world's great men, their proposals or vice-versa "their entrapments" and the resultant happiness with such an effervescing humor, that the audience was kept in a constant state of laughter.

Pathos, too, was not overlooked, as evidenced by poems written by Robert Browning and Elizabeth Barrett Browning. A few of the world famous men named were Gladstone, Carlyle, Lincoln, Disraeli, Burns, Tennyson, Wordsworth, Luther, John Knox.

A showing of the Swimming Pool in its July 1st activities, followed by God Save the King completed a most interesting evening.
